Station Madras, *Dated the* 31st July 1925 192

From (Name) R.G.Grieve Esq., M.A.,

(Designation) Ag. Director of Public Instruction.

To The Secretary to the Government of Madras,

LAW (EDUCATION) Department.

Sir.

With reference to G.O.No. 510 Law (Education) dated 7th April 1925, I have the honour to resubmit for the approval of Government plans and estimates amounting to Rs 41000/- for the construction of an additional block for the Government College, Mangalore, and to request that Government will be pleased to insert the necessary provision for the work in Part II of the Budget Estimate for 1926-27.

I have the honour to be,
Sir,
Your most obedient servant,

for Director of Public Instruction

L. No. 2317 C] From the D.P.I. R.O.C. No. 3677
dt 31-7-25

Subject: Govt College, Mangalore –
Construction of an additional block

The D.P.I's proposal to construct
an additional block for the Govt College
Mangalore has been coming up for
consideration from the year 1924 and
for one reason or another the
necessary provision could not
be made in the Civil Works
Budget till now. Last year the scheme
was placed in class III, and no
provision for the work was made
in the Budget. The D.P.I was
asked to submit plans &
estimates. In view of
the increasing demand (admissions to) for group
of the Intermediate courses
in the Govt Colleges, the
construction
of an additional block appears
and urgent

P 35 of 30. No 570

for consideration
in connection with the
Budget for 1926-27

and is estimated to cost Rs 41,000. Provision of Rs 21,000 may therefore be made in the Civil Works budget for 1926-27.

3/. A note for the Finance Committee is submitted below for approval. It may be sent to Finance for adding their portion of the note.

NOTE FOR THE FINANCE COMMITTEE.

Part II/41 Civil Works Budget - 1926-27 - Additional buildings, Government College, Mangalore.

Proposals of the D.P.I.

The D.P.I. submits an approximate estimate of Rs. 41,000 for the construction of additional buildings required for the Government College, Mangalore.

Note by the Law (Education) Department.

In August 1921 the D.P.I. submitted plans and estimates for adding an upper storey to one of the blocks of the college buildings at Mangalore. In the report accompanying the estimate it was stated as follows : --

"The block in which the upper storey is to be "built was constructed in 1914-15. In 1917, the Univer- "sity Commission remarked that 'the accommodation is "quite insufficient' But for want of funds the "matter was not pressed. It was taken up this year "(1921) and the Principal asked for plans and estimates for the upper storey which is needed to provide lec- "ture halls. The accommodation provided is two halls 62½' x 20½' and 62½' x 25½' respectively with a move- able partition for subdivision as may be required. The "lower storey is proposed to be 16' high, and the "upper 13' - 6" high".

2. In an order dated 12th September 1921, the Govt. sanctioned the construction of an upper storey at a cost of Rs. 19,050.

3. While recommending a provision of Rs. 20,000 for the work in the budget for 1923-24, the Director of Public Instruction stated as follows : -

" The laboratories are so overcrowded that students have to work in batches and on holidays so as to finish the necessary practical work. Moreover the

"affiliation of the college in group (ii) of the "Intermediate courses (Natural Science) has made the "question of additional accommodation pressing. The "Science groups at the College are very popular, but "admissions have necessarily to be restricted owing "want of space".

"The scheme is therefore both necessary and "urgent".

4. The question of the provision of funds for the work in the budget of 1923-24 was postponed by the Finance Committee, ~~[illegible]~~ The Superintending Engineer in his report that he was proposing a revised design for this work as it was doubtful whether the existing building would safely carry an upper storey. The committee therefore thought that the scheme had not reached the stage for consideration

5. The revised design submitted thereafter by the Supg.Engr. for the construction of a new block instead of an upper storey, ~~estimated at Rs. 49,400~~, was not considered suitable by the D.P.I. The latter therefore submitted a further revised design (the cost of which was brought) estimated at Rs. 29,000. As estimates were not ~~[illegible]~~ ready for the budget for 1924-25, the Finance Committee recommended ~~the~~ postponement of the consideration of the scheme. The D.P.I. submitted ~~again~~ last year ~~the~~ revised plans and approximate estimates for Rs. 41,000 ~~Rs.~~ for the construction of a separate block of building. The Finance Committee placed the scheme in Class III ~~and no provision was made in the Civil Works budget for 1925-26~~ (class III Schemes were not provided for in the budget)

6. In view of the urgency of the scheme, it is now recommended for acceptance. As it is reported that the execution of the work will take two years, a provision of Rs. 21,000 may be made in the Civil Works Budget for 1926-27.

Ca 18.8.25 V.T. 18/8

Note by the Finance Dept

The proposal may be placed before the Finance committee as a Part II Scheme for 1926-27.
